

Student Worksheet

AI Beyond The Chat Box

Name: _____

Date: _____

Scenario used today:

Activity 1 - Level 1 baseline

What did the AI produce?

What was useful?

What might be wrong or missing?

What should be checked before use?

Activity 2 - Level 3 checks

Output before checks (Level 1)

Output with checks (Level 3)

What changed and why?

Activity 3 - Level 4 or Level 6

Evidence or revision notes

Prompt	What the AI changed	What still needs human review

Reflection

Was this output more trustworthy than Level 1? Why?

Activity 4 - Level 8 orchestration

Taskboard observations

- Worker roles I noticed:

- Gate/checkpoint I noticed:

- One risk that still exists:

Final reflection

1. Lowest safe level for this task

The lowest safe level for this task was...

2. One check I should always do

Before using an AI output, I should always...

3. Help vs copying

AI helps learning when...

AI harms learning when...

Extension exercises

- Pick a second scenario and justify a different level choice.
- Compare Level 4 and Level 6 on the same scenario.
- Write one policy rule for safe classroom AI use.
